## History

SOME twenty-five years ago, Ebenezer Presbytery appointed a committee consisting of Rev. William C. Condit, D.D., of Ashland, Kentucky, and the Rev. Samuel B. Alderson, D.D., now of Tarkio, Missouri, to make a trip up the Big Sandy Valley to select a location for a school for the higher education of the youth of this section. After visiting each county seat in the Valley, their judgment was that Pikeville should be selected as the location of such an institution, and as a result of their report to Presbytery, the Pikeville Collegiate Institute was established. The subsequent development of Pikeville and Pike County has demonstrated the wisdom of these men in making their choice for the location of the Presbyterial Collegiate Institute.

The success with which the institution has been crowned has been due in no small measure to the untiring efforts of Dr. Condit and his church. He has been a member of the Board of Trustees from the date of its organization to the present time, and is ever alive to the interests of the school. No small part of the financial support has come through his efforts.

In the summer of 1889 the first building was erected and Mr. David Blyth, who had just graduated from Lane Seminary, was placed in charge as Principal and also as pastor of the church. Mr. Blyth was a man of energy, and during the three years of his incumbency the school had made rapid progress and took rank among the best schools of its grade in Eastern Kentucky. Hendrick Hall was built during his regime. A severe attack of typhoid fever left Mr. Blyth unable to continue the work.

His three years' efforts were not in vain, for at the mention of his name the work which he did here is spoken of in the highest terms of praise.

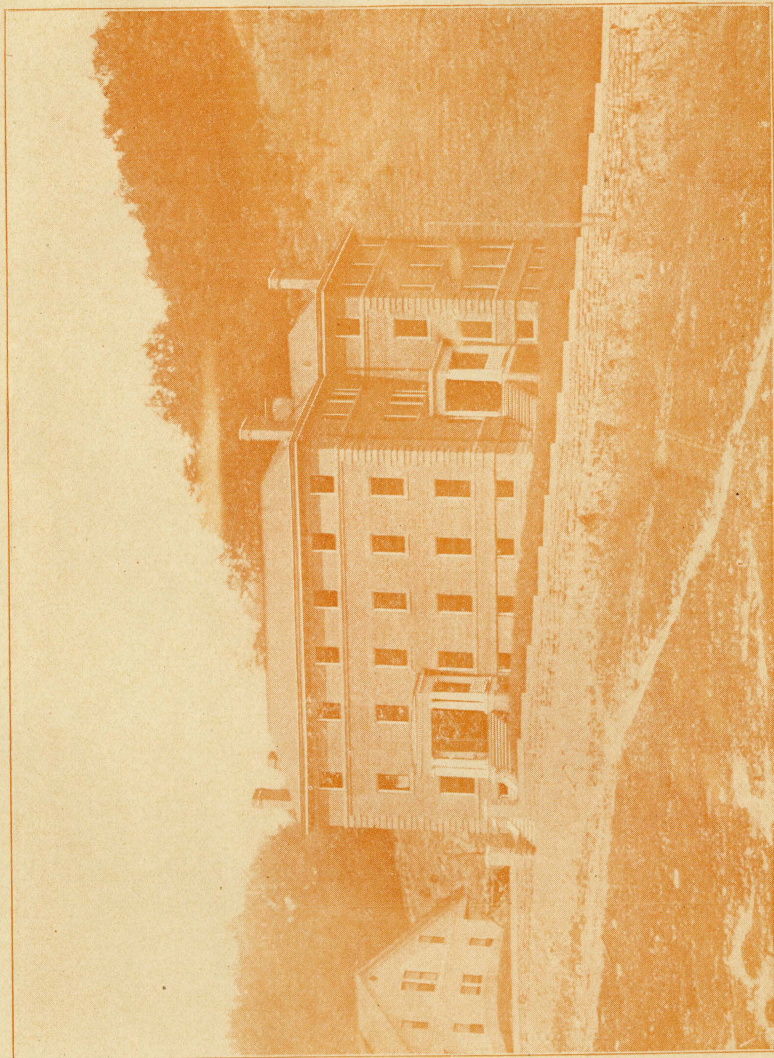

For the next few years the institution had its misfortunes and its "ups and downs," owing to a number of reasons.

In 1896 the Rev. Mr. Hamit became principal, and after two years, was succeeded by the Rev. T. M. Cornelison, who served as Principal for one year. In the summer of 1899, Rev. Jas. F. Record, Ph.D., took charge of the work. During the twelve years of his principalship the attendance increased more than 350 per cent.; the

THE DERRIANA—PRESIDENT'S RESIDENCE AND GIRLS' DORMITORY.

school building has been doubled in size; Hendrick Hall has been enlarged so as to accommodate some fifty boys; and through the gift of a generous friend, ground was purchased and a President's residence and girls' dormitory erected.

In April, 1911, owing to the impaired condition of Mrs. Record's health, the Doctor felt impelled to resign his position, which was to take effect June 1st, of the same year.

The Board, through its committee, extended a call to the Rev. J. P. Whitehead, pastor of the Presbyterian church at Cochran, Pa., to become Dr. Record's successor.

The call was accepted, and Mr. Whitehead assumed the responsibility immediately upon Dr. Record's retirement.

The first trustees elected were, Rev. W. C. Condit, D.D., Rev. W. S. Fulton, D.D., Mr. John A. Simpson, Mr. James Hatcher, Mr. Charles M. Parsons, and Mr. F. B. Trussell; all of whom are living, except Mr. Trussell.

The financial support received from these men, and through their influence, their wise counsel and hearty co-operation, have been no small factors in the success that has crowned the work of all the past years of the institution.

This historical sketch would be incomplete without the mention of two other persons and one institution. The persons are, the Rev. James P. Hendrick, D.D., and Rev. Donald McDonald, D.D.; the institution is the Woman's Presbyterian Missionary Society of Ebenezer Presbytery.

Dr. Hendrick, who was the Synodical Superintendent of Home Missions in Kentucky, was early on the ground, and by his genial disposition won many friends for the school at a time when they were sorely needed. Dr. McDonald, Dr. Hendrick's successor as Synodical Superintendent of Home Missions, did much in securing financial aid, and, by his counsel and advice, in placing the school in the rank which it holds among the best schools in the State. The school lost a warm and helpful friend in his death four years ago.

Too much can not be said in commendation of the part that the Woman's Missionary Societies of the Ebenezer Presbytery have had in the work of the school. The sacrifices they have made, the contributions in time and money that have been made by them, and the prayers they have offered in behalf of Pikeville College have been alike a constant source of encouragement to the trustees and the fac-

ulty. The prayers of the good men and the good women of Ebenezer Presbytery have been large factors in the endowment and force of Pikeville College. These prayers constitute a great asset, which must be augmented by material aid, so that the faith may be visibly proven by material results. Pikeville College cannot succeed without the faith of the church behind it.

The chief aim of the College is to develop character after the similitude of Christ as set forth in the gospel; nothing higher than this is possible as an end to be reached.

Every one such young man or young woman sent out is an unanswerable argument for Pikeville College to continue in its work. Our joy here is to build character by turning out men and women who shall have a noble vision before them and a determination to push on until they have attained unto it.

The times are calling for men and women of truth, who place true service in the forefront. Men and women with God-illuminated minds filled with useful knowledge that shall be employed to conserve His glory. Such men and such women are an invaluable asset to any community.

Many of our former students and graduates are filling their places in the world with great credit. Some are lawyers, some physicians, some dentists; two have served as members of the Kentucky Legislature; many are in business for themselves, or are the trusted employees of others; many are teachers.

Another purpose of the institution is to increase the efficiency of the public schools. It seeks to do this by making the public school teachers more proficient. To that end it has maintained a Teachers' Course for the past nine years with satisfactory results. The Course, as it now is, fits for either State certificate or State diploma. We are determined that the highest grade for Normal work shall be done, including practice work and preparation for teaching manual training.

### **Extension of the Course of Study.**

As the charter of our institution has been changed from Pikeville Collegiate Institute to Pikeville College, we are privileged to extend our course of study four years to cover the work usually done in our best colleges.

With our equipment, we are prepared to give a good grade of college work of the first two years, and we will add the remaining years as quickly as the way may open.

The cause of this change of charter was the need of a Christian college in this section of Kentucky.

In order to accomplish our desires, we must have an endowment and another building, and enlarge our faculty. Few places offer better opportunities for the benevolently inclined to place some of their money. The development that is going on in this Big Sandy Valley and is promised in the immediate future is prodigious and must be seen to be appreciated.

Pikeville College must meet the educational demands, and the only way to do this is for our friends to come to our aid. All who will thus help us will have their memories perpetuated through the boys and girls of this region who will rise up and call them blessed.

### **Academy Extension.**

Owing to the advances made by our colleges in their courses of study, it has been deemed expedient to advance our Academy course an entire year, beginning with the eighth grade. Our Academy course will then be equal to that of the best grade High School in the State.

### **Government.**

The discipline is kind but firm. Confidence and co-operation is our motto: you help and trust us, and we will help and trust you. Each student is expected to conform cheerfully to the requirements of the school. We want all students to look upon their instructors as their friends and not as taskmasters. We want all to be on friendly but not familiar terms. No student will be allowed to remain in the school whose influence, in the judgment of the faculty, is detrimental to the interests of the institution. Parents who are not willing that their children should obey promptly are requested not to send them. Students are required to pay for any property that may be damaged or destroyed by them.

### **Library.**

The Library contains about 1500 volumes, among which are such reference works as, the Century Dictionary, new International Encyclopedia. Arrangements will be made so that the students may avail themselves the use of the Library to aid them in their studies.

### **Music**

Believing that an education is not complete without some knowledge of Music, the College this year will continue to give good opportunities for musical study.

For piano, violin, mandolin and voice culture under a competent teacher, an extra charge is made of \$3 per month. For any work done in the grades in teaching singing, no extra charge is made.

### **Stenography and Typewriting.**

As fast as we are able we will give opportunity for the study of stenography and typewriting in a practical manner.

### **Location.**

Pikeville College is located at Pikeville, Kentucky, the County Seat of Pike County, and the leading town of the Big Sandy Valley. It is one hundred and ten miles south of Ashland on the Big Sandy branch of the Chesapeake and Ohio Railroad.

The town is growing rapidly. It is beautifully situated, being surrounded by the foothills of the Cumberland Mountains. The future is rich in promise. Coal companies are opening up mines, and railroads are being constructed, so that within a short period of time the Valley will be teeming with people, and the hum of many industries will be heard.

### **Buildings.**

We have a good substantial brick college building, containing recitation rooms, library, chapel and President's office.

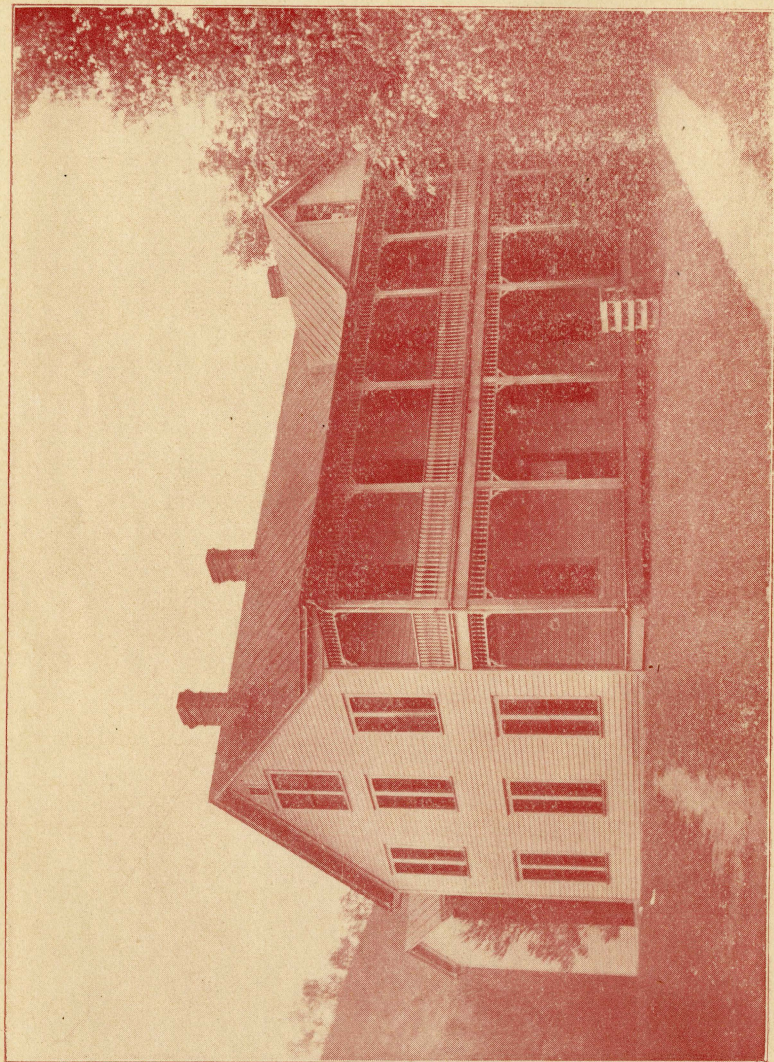

Hendrick Hall, which is a frame building, has been enlarged and put in good order for occupancy as a dormitory for boys and young men.

The Derriana, a Christian home for women, is a brick and stone structure of four stories, including a basement. It is heated by steam, lighted by electricity, hot and cold water, bath rooms and all modern conveniences. It would be difficult to find a dormitory more conveniently arranged and more completely equipped for the comfort of young women. It was the gift of Mr. John A. Simpson in memory of his sister, Lucinda Derriana Simpson. The purpose of the donor was to erect a building in which the occupants would find a home of Christian culture and development so essential to the highest type of womanhood. The dormitory site is on an elevation overlooking the town, which also affords a most beautiful view of mountain scenery. It is surrounded by some four acres of ground.

HENDRICK HALL—BOY'S DORMITORY.

### **Religious Life.**

As stated in another place, the school was established by the Presbyterian Church. But it is non-sectarian. While all students receive regular and systematic instruction in the English Bible, it does not teach the tenets of any church. All students are required to be present at the chapel exercises each day. There are five churches in the town: Presbyterian, Southern Methodist, Methodist Episcopal, Christian and Baptist. The students receive a warm welcome at any of the churches, and each student is expected to be present at some one of them each Sabbath.

The aim of the religious life of the school is to lead the student to the Lord Jesus Christ, and let him select his own church home.

A students' Y. M. C. A. will be maintained under the supervision of the faculty, and opportunities for mission study will be offered.

### **Scholarships.**

Scholarships are provided to assist young men and young women who would otherwise be deprived of the advantages which the school offers. The character of the student, his faithfulness and ability, will be taken into consideration in determining the placing of these scholarships. A number of scholarships are provided annually by individuals, Sabbath schools and Young People's societies. Some of these provide for tuition alone \$20 to \$25; some for part of the board and tuition \$75. An individual or a society contributing \$500 will thus establish a permanent scholarship which will provide annually for tuition and part of board.

Scholarships have been provided as follows:

#### ***Permanent—***

The Mrs. Margarite Fowler Gable Scholarship, endowed by the Young Woman's Aid Society of the Third Presbyterian Church of Pittsburg, Pa.

The Judge Richard Apperson Scholarship, provided by his daughter, Mrs. Maggie Apperson Gaitskill.

#### ***For the year 1911-12:***

Rev. Jas. F. Record, Ph.D., Ann Arbor, Michigan.

Missionary Society at Maysville, Ky.

Mary E. Peebles, Portsmouth, Ohio.

Julian Smith, Louisville, Ky.

Point Breeze Presbyterian Church Young People's Society.

Point Breeze, Pa.

Mrs. Elizabeth Smith, Cochran, Pa.

### Prizes.

The Dr. W. C. Condit prize of a gold watch is given to that member of the graduating class in the Preparatory department who has made the highest average grade for the last three years of the course.

Attendance and deportment, as well as scholarship, are taken into consideration in awarding the prize. This prize was awarded to Alfred Biggs of the class of 1911.

The Margaret E. Record prize of twenty dollars in gold is given to that member of the graduating class of the preparatory department in the English course who has made the highest average for the last two years of his course. Attendance and deportment as well as scholarship are taken into consideration in awarding this prize. Mr. John A. Simpson established both of these prizes.

Mr. Simpson has also provided Bible prizes. These are given to the student having done the best work in English Bible in each class from the sixth grade up. The prize consists of a handsome leather-bound Bible. The recipients of these prizes for the school year were: College Freshman, Alfred Biggs; Senior, Academy, Frank Connolly; Middle, Charles Bowles; Junior, Dewey Flanery; Eight grade, Mary Morgan; Seventh grade, John Yost; Sixth grade, George McClelland.

### Expenses.

The generosity of the friends of Christian education, and assistance received from organizations of various kinds, enables the college to offer young men and young women an education at about sixty per cent. of the cost of it to the school.

Room, board and tuition can be had in the Academic and Normal Department for \$115.00 per year of nine months; in the grades for \$112.50 per year. This furnishes light, fuel and laundry of bedding.

Board can be had for \$2.50 to \$2.75 per week. This provides good, plain table board, well cooked and of sufficient variety for the

health of the students. It is the purpose of the school to make the boarding department self supporting, but nothing more. Experience has shown that this is the lowest rate that can be made and furnish the table with good wholesome food of sufficient quantity and variety. If at any time we find that actual cost is falling below this, students will get the benefit.

Tuitions are as follows: Fall Term, Preparatory, \$12; Normal and Intermediate \$10; Primary \$8.

Winter Term, Preparatory \$9; Normal and Intermediate, \$7.50; Primary, \$6.

Spring Term, Preparatory, \$6.00; Normal and Intermediate, \$5.00 Primary, \$4.

College Fall Term, \$14; Winter Term, \$10; Spring Term, \$7.

All bills are payable a month in advance. Tuition is charged for a full month, no matter what part of the month the student leaves. No reduction is made except for sickness or some other unavoidable reason for absence, and then only for the time out.

Girls boarding in the dormitory must furnish two pairs of sheets, two pillow slips, six table napkins, and six towels. All beds are single and sheets must be for single beds. Pillow slips must be made for pillows which are 19 by 27 inches.

Boarding students will be charged a contingent fee of \$1 per term which must be paid on entrance, and will in no case be refunded.

Girls boarding in the dormitory will not be permitted to stay away from the dormitory over night except as they visit their own homes, or in compliance with request made to the President by parents or guardians, and this is advised against except in some extreme emergency.

Our dormitory is their home while they are with us, and they will be treated as we would treat our own daughters.

### Publications

The school publishes the Pikeville News Letter quarterly. The purpose of this publication is to keep the friends who receive it informed of the progress made and the needs of the institution. It will be sent to any one who may apply for it, free of charge. We are glad to place names on our mailing list.
